

Six Senses SPA

The Six Senses Spa is comprised of four separate low-rise houses conjoined through a labyrinth of alleyways that are complimented with cascading fountains at every turn. Each room is made to look like a traditional Qatari home from the hand-shaped tubs to the heated stone massage beds.

The 70,000 sq. ft./6,500 sq. m. of the Spa is divided among 23 treatment rooms, state of the art fitness facilities, changing rooms, prayer rooms, relaxation rooms and an assortment of facilities that house everything from meditation and Thai-Chi to hot and cold water plunges.

A unique feature of the spa is that entire villas within the Spa may be rented out for private party treatment experiences.
