

Accommodation

Accommodations:

The 174-room village perfectly blends traditional architecture and design with the latest in modern comforts and amenities.

Villa Courtyards

Sharq Village & Spa weaves together the experiences of Arabian hospitality to create a warm and welcoming sense of traditional Qatari home life. The cooling inner courtyards, the cascading fountains, ornate arches, antique furnishing and ceilings of Qatari wood and woven palm leaves create that extra sense of tranquility and comfort.

Surrounding the courtyard oasis are cushioned majlis areas, wood-trestle verandas, wood-barred windows and canvas-shaded flat roofs all reflecting a generations - old home life that was designed to provide cooling refuge during the hot summer months.

Royal Villa "Beit Al Shyoukh"

Ornately modelled after a sheikh's palace, the 2.099-square meter Royal Villa is divided into two distinct wings. Guest accommodation includes the royal suite, guest suite, a pair of two-bedroom suites and a pair of king suites, along with majlis seating areas, study and dining room. The majestic villa houses exquisite furnishings and treasures from the orient, which are steeped in detail and tradition. All aspects of detailing refer back to authentic Qatari designs-handrails, stone carvings, and inlaid mosaics create a sense of continuity and refinement that reinforces the rich history of the local culture. The inner majlis or sitting room, and private dining room of the Royal Villa are separated by double wooden sliding doors which allow for intimate seating, groupings and moments of reflection and interest. An elegantly appointed study with majestic hand-carved wooden desk inlaid with marble with outdoor patio complements the Qatari-themed royal villa, while offering state-of-the-art technology that is integrated into the décor of the space. The large iron-studded wood door of the Royal Suite is the first indication that what lies ahead is a unique palatial experience. An imperial four-poster, canopied bed sitting atop a polished marble platform and hand-woven Arabian carpets are all part of this magnificent environment. Bed linens are amongst the finest in the world with 1050-thread count sheets by the Italian house of Frette. Completing the exquisite suite is the en-suite walk-in wardrobe and bath which is tiled by prized Brazilian blue marble. The Jacuzzi tub, studded with indigo-hued mosaic tiles veined with 18-karat gold to add the regal touch, is complemented by bath amenities from Acqua di Parma and lotions with 23-karat gold leaf by Linden Leaves. Adjacent to the accommodation wing of the Royal Villa is the luxurious annex area that is connected via overhead walkway. This separate building is designed to reveal a secret sanctuary of indulgence and well-being, for the exclusive use of guests of the Royal Villa. A two-storey high cascading waterfall and meandering corridors lead to a strikingly designed indoor temperature-controlled swimming pool and Jacuzzi, an exercise gymnasium with floor-to-ceiling windows overlooking the turquoise waters of the Arabian Gulf, multipurpose bar area and a fully equipped professional chef's kitchen. Other amenities include rain forest showers, an oversized locker room, sauna, a steam and a luxurious wet treatment room equipped with a heated stone massage bed, the treatment room opens onto an outdoor veranda outfitted with a hand-made bathtub and outdoor shower facilities. The design team focused on detail, texture and colour throughout the entire creative process, which incorporated textural elements that are reminiscent of the natural beauty of the area. The villa offers a luxurious yet traditional environment that inspires leisurely experiences while capturing the true essence of Qatari lifestyle. Service offerings include Rolls Royce transfers for the head of the villa, a chauffeur-driven BMW on standby, personal butlers including one specifically for the female guests, five culinary and beverage presentations with frequent replenishment of fruit and beverage, an open bar of house pours, as well as a personal chef and trainer. Upon sunset, the shisha or water pipe, with a selection of over 25 tobacco varieties, Arabic sweets, dates and nut platter will be available at the exterior majlis which overlooks the sea.
